

WANT LESS MOBILE SPAM?

USE THE DO NOT CALL (DNC) REGISTRY

Registering your mobile number lets you opt out of receiving marketing messages and phone calls. This allows you to have more control over the kind of messages you receive on your phone!

What you need to know about DNC:

21 Days to Take Effect

Upon registering your SG phone number at www.dnc.gov.sg, organisations have up to 21 days to stop sending you unsolicited marketing messages.

With Your Consent

If you are in an existing service relationship with an organisation or have given your permission, they may continue to contact you. Let them know if you want them to stop contacting you.

Illegal Marketing Messages

Promotion of moneylending and gambling may be illegal, just like scams, and can be reported at www.police.gov.sg/iwitness.
